Dear Soborno,

Greetings! This is Roger Yang, and I'm writing on behalf of the Harvard College Project for Asian and International Relations ([HPAIR](#)).

It is our pleasure to invite you as an executive seminar speaker at the 2021 HPAIR Asia Conference (virtually) this **August 20 - 23 (GMT+8)**. Our flagship conference this year will feature conversations with **Idris Jala (President & CEO of PEMANDU Associates and former CEO of Malaysia Airlines)**, **Ho Kwon ping (Co-Founder and Executive Chairman of Banyan Tree Holdings)**, **Rich Lesser (CEO of the Boston Consulting Group)**, and **Adam D'Angelo (CEO and Co-Founder of Quora and Board Member of Instagram and OpenAI)**, among other world leaders.

We are extremely delighted to have you at our conference. As you are known as the Youngest Einstein, the youngest professor globally, you have demonstrated great passion in both mathematics and physics. Moreover you were awarded by Global Child Prodigy for your competency and were nominated for Nobel Prize form India, we genuinely believe your presence would provide an inspirational perspective to Harvard students and delegates around the globe, and we would be privileged if you would join us at our flagship conference.

We would like to have you deliver a **virtual executive seminar** during our Asia Conference **from August 20th to 23rd (GMT+8)** at any time that works best per your convenience. **The conversation would last approximately 60 minutes, and would only be available for 25 of our top delegates, who are carefully interviewed by our organising committee.**

On behalf of the Harvard College Project for Asian and International Relations, we sincerely hope that you will be able to accept our invitation and look forward to having you at our conference! In the interim, please feel free to contact me at [ryang@hpair.org](mailto:ryang@hpair.org) if you have any questions or concerns. More details of our conference could also be found at [www.hpair.org](http://www.hpair.org).

Kindest Regards,

—

Best regards,

Roger Yang
